

Introducing the perfect pair.

The **NEW TruFit™** Adhesive Housing +
SpeakFree® HME Hands-Free Valve

*Your complete solution for confident, hands-free
speech and all-day comfort.*

NEW TruFit™
Adhesive Housing

SpeakFree® HME
Hands-Free Valve

The NEW TruFit™

The TruFit™ Adhesive Housing offers a robust baseplate compatible with deeper tracheostomas.

- Designed for patients with **deep set stomas**.
- Engineered with improved **support to facilitate hands-free speech** when used with a Blom-Singer® voice prosthesis and the SpeakFree® HME.
- Same reliable, **strong adhesion** as AccuFit®.
- **Easy application** with three piece peel-off backing.

SpeakFree®

The SpeakFree® HME is the first heat and moisture exchange (HME) cartridge with a single-use fully integrated adjustable hands-free valve.

- **Choose your flow and go.** Two simple choices for your breathability, ClassicFlow® or EasyFlow®.
- **Truly innovative.** Accommodates a full spectrum of speaking pressures, rather than requiring selection of static strength competitor hands-free devices.
- **Freedom of choice.** Attaches to a Blom-Singer® Adhesive Housing or StomaSoft® Laryngectomy Tube, with the option for hands-free speech or manual occlusion.

The InHealth Technologies® Adhesive Housing Fit Series

The NEW TruFit™

The TruFit™ Adhesive Housing offers a robust baseplate compatible with deep tracheostomas.

AccuFit®

- Designed with strong adhesion, while maintaining flexibility and stretch.
- Increased elasticity and higher resistance to tearing.

HydroFit®

- Hydrocolloid adhesive baseplate made with a protective gel-like layer for sensitive skin.
- Absorbs sweat while still maintaining adhesion.
